Every chain is only as strong as its weakest member. This can also be transfered well to Rueda de Casino. Therefore we ask all participants to maintain the levels. All levels offer interesting topics. The workshops for the advanced and masters are explicitly reserved for these groups. If somebody is not sure which is his own classification should feel free to contact the team at the ruedafestival. In addition, the team reserves the right to request individual participants to switch to another workshop (at a lower level) at any time if it is necessary or useful to guarantee a smooth flow of the festival.
